NURTURING YOUNG MINDS

OUR HOLISTIC APPROACH TO EARLY CHILDHOOD EDUCATION FOCUSES ON NURTURING EVERY ASPECT OF A CHILD' DEVELOPMENT.

OUR EARLY CHILDHOOD PROGRAM OFFERS A UNIQUE BLEND OF THE MONTESSORI CURRICULUM, REGGIO EMMILIA, HIGHSOPE AND ISLAMIC STUDIES.

THIS INNOVATIVE APPROACH PROVIDES A STRONG FOUNDATION FOR YOUR CHILD'S HOLISTIC DEVELOPMENT.

THROUGH PLAY-BASED LEARNING, INQUIRY-BASED ACTIVITIES, AND A FOCUS ON SOCIAL-EMOTIONAL SKILLS, WE CREATE A STIMULATING AND NURTURING ENVIRONMENT.

OUR EXPERIENCED EDUCATORS GUIDE CHILDREN TO EXPLORE THEIR CREATIVITY, CURIOSITY, AND ISLAMIC VALUES.

A FOUNDATION FOR LIFELONG LEARNING

1. Islamic values: Building Strong Character

We integrated the Azhar Curriculum, Egypt's esteemed Islamic Studies program, to guide students in understanding Islamic teachings and shaping their personal character. Quran study is a daily practice, helping students not only learn the text but live by its principles.

2. Physical Development

We focused on physical development by encouraging gross and fine motor skills through play, movement, and sensory experience. Additionally, we promote healthy habits. Such as regular exercise and nutritious eating.

3. Play-Based Learning

Play based learning is at the heart of our approach. We foster creativity, imagination, and problem solving skills through engaging play activities. By encouraging exploration, discovery and collaborative play, we provide opportunities for children to develop social skills and build strong relationships with their peers.

4. Socio-Emotional Development

At Dimulti Islamic Early Learning Centre, Socio-Emotional development is equally important. We create a safe and supportive environment where children feel valued and understood. Through various activities, We help children build self-awareness, self-regulation, and emotional intelligence.

5. Language Development

Language development is nurtured through storytelling, song and language-rich environment. We encourage children to express themselves creatively through art, dance, music, and drama , while also supporting early literacy skills, such as phonics and phonemics awareness.

6. Cognitive Development

Cognitive development is stimulated through exploration, discovery and problem solving activities. We encourage curiosity, critical thinking, and love of learning, preparing children for future academic success. Cognitive skills focus on developing thinking abilities, enabling children to process information, solves problem and make decisions.
