

Prakas
on
Type Approvals and Conformity Assessment
of Telecommunications Equipment

Minister of Ministry of Post and Telecommunications

- Having seen the Constitution of the Kingdom of Cambodia;
- Having seen Royal Decree No. NS/RKT/0823/1981 dated 22 August 2023 on the Appointment of the Royal Government of the Kingdom of Cambodia;
- Having seen Royal Decree No. NS/RKT/0224/205 dated 21 February 2024, on the Appointment of Additional Members to the Royal Government of the Kingdom of Cambodia;
- Having seen Royal Decree No. NS/RKT/0924/1169 dated 20 September 2024, on the Revision and Appointment of the Members of the Royal Government of the Kingdom of Cambodia;
- Having seen Royal Decree No. NS/RKT/1124/1477, dated 20 November 2024, on the Revision and Appointment of Additional Members of the Royal Government of the Kingdom of Cambodia;
- Having seen Royal Kram No. NS/RKM/0618/012, dated 28 June 2018, promulgating the Law on the Organization and Functioning of the Council of Ministers;
- Having seen Royal Kram No. NS/RKM/0196/20, dated 24 January 1996, promulgating the Law on Establishment of the Ministry of Post and Telecommunications;
- Having seen Royal Kram No. NS/RKM/1215/017, dated 17 December 2015, promulgating the Law on Telecommunications;
- Having seen Sub-Decree No. 64 ANKr.BK dated 10 May 2019, on the Organization and Functioning of the Ministry of Post and Telecommunications;
- Having seen Sub-Decree No. 45 ANKr.BK dated 16 March 2019, on the Organization and Functioning of the Telecommunications Regulator of Cambodia;
- Having seen Sub-Decree No. 216 ANKr.BK dated 31 July 2023, on the Management, Construction, and Shared Use of Telecommunications Infrastructure;
- Having seen Sub-Decree No. 217 ANKr.BK, dated 31 July 2023 on the Organization, Management, and Assignment of the Radio Frequency Spectrum;
- Pursuant to the needs of the Ministry of Post and Telecommunications.

Decides

Chapter 1 General Provision

Article 1.. Purpose

This Prakas sets out the conditions and procedures of Type Approval and conformity assessment of Telecommunications Equipment with the aim of ensuring the Telecommunications Equipment to be imported, distributed, supplied, or used in the Kingdom of Cambodia complies with relevant Technical Standards and regulations, as well as promoting consumer rights and fair competition.

Article 2.. Scope

This Prakas applies to any persons who imports, supplies, distributes, and uses Telecommunications Equipment that circulate in the Kingdom of Cambodia.

Article 3.. Purpose

The key terms used in this Prakas are defined as follows:

1.	Public Service Fees	Refers to the application fees, certificate fees, permit fees and/or other relevant fees that will determined by an Inter-Ministerial Prakas between the Minister of MPTC and Minister of Economy and Finance.
2.	Risk Levels of Telecommunications Equipment	Refers to the risk level of the Telecommunications Equipment as stated in Article 5 of this Prakas which includes: low risk, medium risk and high risk.
3.	Type Approval	Refers to the approval of a single model of Telecommunications Equipment that complies with relevant technical standards and regulations to be imported, supplied, distributed or put into use in the Kingdom of Cambodia as stated in Article 5 of this Prakas. The 3 (three) Type Approval defined in this Prakas are: - Type A (A Type Approval/ATA): for low risk - Type B (B Type Approval/BTA): for medium risk - Type C (C Type Approval/CTA): for high risk
4.	Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment	Refers to the granting of certificate to legal entity to be Qualified Agents for the importing, distributing, and supplying of Telecommunications Equipment in the Kingdom of Cambodia. The agent who receives this certificate must ensure that the imported telecommunications equipment complies with the technical standards and must make a declaration of conformity as set out in Part 2 of Annex 2 and/or Part 2 of Annex 3.
5.	Conformity Assessment	Refers to the technical process for examining and certifying that the Telecommunications Equipment complies with the relevant Technical Standards and regulations, which may include testing, verification, or recognition of laboratory results.
6.	List of Telecommunications Equipment Type A	Refers to the list of Telecommunications Equipment as stated in Table 1 of Annex 1 of this Prakas.
7.	List of Telecommunications Equipment Type B	Refers to the list of Telecommunications Equipment as stated in Table 2 of Annex 1 of this Prakas.
8.	List of Telecommunications Equipment Type C	Refers to the list of Telecommunications Equipment as stated in Table 3 of Annex 1 of this Prakas.

9.	List of Telecommunications Equipment Exempt from Type Approval	Refers to the list of Telecommunications Equipment as stated in Table 4 of Annex 1 of this Prakas.
10.	List of Prohibited Telecommunications Equipment	Refers to the list of Telecommunications Equipment as stated in Table 5 of Annex 1 of this Prakas.
11.	Telecommunications Equipment	Refers to equipment, devices, accessories, or reserved objects which are manufactured and/or exported or imported for using in telecommunication system and information and communication technology.
12.	Technical Standards of Telecommunications Equipment	Refers to the technical regulations that set out the requirements for Telecommunications Equipment set forth by MPTC .
13.	Compliance Label	Refers to the technical labelling that set forth by TRC to label or affix with Telecommunications Equipment that has obtained Type Approval to certify the compliance with the Technical Standards of Telecommunications Equipment set forth by MPTC .
14.	Import Permit for Telecommunications Equipment	Refers to the approval to import Telecommunications Equipment as stated in Article 12 of this Prakas. The 3 (three) Import Permits defined in this Prakas are: - Type A (A Type Import Permit/A-IP) for Telecommunications Equipment that has obtained Type Approval Certificate. - Type B (B Type Import Permit/B-IP) for Telecommunications Equipment that is exempt from Type Approval. - Type C (C Type Import Permit/C-IP) for Telecommunications Equipment used for experiments, trials, exhibitions, research studies, or temporary use.
15.	Public Service Platform	Refers to the MPTC's public service portal (service.mptc.gov.kh) and the TRC's public service portal (service.trc.gov.kh).
16.	Required Documents	Refers to the documents specified in the application form as stated in Annex 2, Annex 3, Annex 4 and Annex 5 of this Prakas.
17.	Letter of Representation by Mandate	Refers to the letter of representation by mandate that the QA receives from the overseas manufacturer. The Letter of Representation by Mandate shall specify the following information: - The model of Telecommunications Equipment represented by the QA. - The right of the QA to apply for the Type Approval Certificate. - The obligations of the QA to comply with the Technical Standards of Telecommunications Equipment for the Telecommunications Equipment that circulating in the Kingdom of Cambodia.

Chapter 2

Type Approval and Conformity Assessment of Telecommunications Equipment

Article 4.. General Rules

Type Approval and conformity assessment of Telecommunications Equipment shall comply with the Technical Standards and other relevant regulations set forth by MPTC.

Telecommunications Equipment shall be subject to Type Approval or conformity assessment before importing, distributing, supplying, or using in the Kingdom of Cambodia, except as otherwise provided in this Prakas.

Type Approval and conformity assessments shall be carried out based on the function, technical characteristics, and risk levels of the Telecommunications Equipment.

Article 5.. Risk Classification of Telecommunications Equipment

The risk classification shall be determined based on key factors including the use of radio frequency and its transmission power, potential for interference, connection to public telecommunications networks, impact on the network, and impact on user health and safety.

Telecommunications Equipment is divided into three risk levels, including Low Risk Telecommunications Equipment, Medium Risk Telecommunications Equipment, and High Risk Telecommunications Equipment.

Low Risk Telecommunications Equipment shall be defined based on certain characteristics, such as Telecommunications Equipment that does not use radio frequencies or uses radio frequencies under a general radio frequency license (Class License), has low transmission power, and does not pose a significant risk to the network or users.

Medium Risk Telecommunications Equipment shall be defined based on certain characteristics, such as Telecommunications Equipment that uses radio frequencies under a radio frequency license, Telecommunications Equipment that may cause interference if used incorrectly, and/or Telecommunications Equipment that is used to connect to a public telecommunications network.

High Risk Telecommunications Equipment shall be determined based on certain characteristics, such as Telecommunications Equipment that uses radio frequencies under a radio frequency license, Telecommunications Equipment that is a core device or may affect the entire network, and/or Telecommunications Equipment that has a high impact on health or safety.

List of Low Risk Telecommunications Equipment, list of Medium Risk Telecommunications Equipment, list of High Risk Telecommunications Equipment are stated in Annex 1 of this Prakas.

Article 6.. Types of Type Approval

Type Approval of Telecommunications Equipment shall be determined based on the risk level as defined in Article 5 of this Prakas and is divided into 3 (three) categories including Type-A Type Approval of Telecommunications Equipment (ATA), Type-B Type Approval of Telecommunications Equipment (BTA), and Type-C Type Approval of Telecommunications Equipment (CTA).

Type-A Type Approval of Telecommunications Equipment (ATA) shall be applied to Telecommunications Equipment with low risk level. Any persons importing, distributing, supplying, and using this Telecommunications Equipment shall conduct a self-conformity assessment for the equipment model based on test reports and must ensure that the Telecommunications Equipment complies with the Technical Standards of Telecommunications Equipment set forth by MPTC.

Type-B Type Approval of Telecommunications Equipment (BTA) shall be applied to Telecommunications Equipment with medium risk level. Any persons importing, distributing, supplying, and using this Telecommunications Equipment shall conduct a self-conformity assessment for the equipment model based on test reports and must ensure that the Telecommunications Equipment complies with the Technical Standards of Telecommunications Equipment set forth by MPTC and provide the test reports to TRC for review and assessment.

Type-C Type Approval of Telecommunications Equipment (CTA) shall be applied to Telecommunications Equipment with high risk level. Any persons importing, distributing, supplying, and using this Telecommunications Equipment shall conduct a self-conformity assessment for the equipment model based on test reports and must ensure that the Telecommunications Equipment complies with the Technical Standards of Telecommunications Equipment set forth by MPTC and provide the test reports to TRC for review and assessment.

Type Approval of Telecommunications Equipment that are not included in any of the lists stated in Paragraph 1 above, TRC shall determine based on the essential functions, risk levels, and technical characteristics of the Telecommunications Equipment.

The list of Type-A Telecommunications Equipment (ATA), the list of Type-B Telecommunications Equipment (BTA), the list of Type-C Telecommunications Equipment (CTA), the list of Telecommunications Equipment exempted from Type Approval and the list of prohibited Telecommunications Equipment are stated in Annex 1 of this Prakas.

Article 7.. Type Approval of Multi-Function Telecommunications Equipment

For Telecommunications Equipment that has multiple functions and fall under more than one type of Type Approval, as stated in Article 6 of this Prakas, shall apply the highest risk level.

Example 1:

An ANGKOR brand mobile phone with wireless LAN and Bluetooth functionality and 2G/3G/LTE/5G Cellular Mobile Terminal technology. In this case, the ANGKOR mobile phone is a Short-Range Device (SRD) that uses Wireless LAN and Bluetooth and is considered to be Type-A (A Type Approval/ATA) as stated in Table 1 of Annex 1 of this Prakas. The ANGKOR mobile phone is also a Mobile Telephone Equipment (CMT) that uses 2G/3G/LTE/5G technology and is considered to be Type-C (C Type Approval/CTA) as stated in Table 3 of Annex 1 of this Prakas. Therefore, ANGKOR mobile phone must be assigned the highest risk approval type (Type-C (C Type Approval/CTA)).

Article 8.. Exemptions of Type Approval

Telecommunications Equipment that are set forth in this Article shall be exempted from Type Approval of Telecommunications Equipment:

- 1- Telecommunications Equipment exempted from Type Approval as specified in Annex 1 of this Prakas.
- 2- Telecommunications Equipment used for experiments, trials, exhibitions, research studies or temporary use and returned after completion of the experiments, trials, exhibitions, research studies or temporary use.
- 3- Telecommunications Equipment imported for personal use and non-commercial purposes by a natural person, with no more than 2 (two) units of the same type of Telecommunications Equipment, is not subject to Type Approval and Import Permit obligations from **TRC**, but those Telecommunications Equipment shall comply with the Technical Standards of Telecommunications Equipment set forth by **MPTC**.

Article 9.. Conditions and Procedures for Granting Type Approval Certificates

Any persons who import, distribute, supply, and use Telecommunications Equipment shall apply for Type Approval Certificate at **TRC** directly or through the online public service portal in compliance with the following conditions and procedures:

- 1- Complete the application form for Type Approval Certificate along with the required documents for each model according to the type of Telecommunications Equipment as stated in Article 6 of this Prakas.
- 2- Pay the public service fee.

In the event the application or related documents are incorrect, **TRC** shall notify the applicant to correct the information or provide additional supporting documents within 15 (fifteen) working days from the date of notification. In the event that no correction is made, the application shall be considered abandoned.

TRC shall issue the Type Approval Certificate to the applicant no later than 7 (seven) working days after the applicant has filled in the correct information and provided sufficient documents. Type-A Type Approval Certificate of Telecommunications Equipment (ATA) shall be

issued no later than 1 (one) working day. Type-B Type Approval Certificate of Telecommunications Equipment (BTA) and type C (CTA) shall be issued no later than 7 (seven) working days.

The application form for the Type Approval Certificate and the relevant required documents as specified in Point 1 Paragraph 1 above is set out in Annex 2 of this Prakas.

Article 10.. Compliance Label

Compliance Labels for affixing to Telecommunications Equipment circulating in the Kingdom of Cambodia must bear the mark and identification code of the Agent that has the Certification as the Qualified Agent for Import, Distribute, and Supply of Telecommunications Equipment represented by QA-YYYY-XXXX, as in the following example:

Sample of the Compliance Label	Example
 QA-YYYY-XXXX	 QA-2026-0001
- TRC	means Telecommunication Regulator of Cambodia
- QA	means the Agent who has received Certification as the Qualified Agent for Import, Distribute, and Supply of Telecommunications Equipment
- 2026	is the year of first issuing of the Certification as the Qualified Agent for Import, Distribute, and Supply of Telecommunications Equipment
- 0001	is the unique identification number of the Qualified Agent Certification

The compliance label can be affixed to the box of Telecommunications Equipment or to the Telecommunications Equipment in the form of a QR code, etc. Telecommunications Equipment that does not have a compliance label cannot be circulated in the Kingdom of Cambodia.

Article 11.. Validity and Renewal of Type Approval Certificate

The Type Approval Certificate of Telecommunications Equipment shall be valid for a period of 5 (five) years from the date of issue of the certificate.

The holder of a Type Approval Certificate of Telecommunications Equipment shall apply to **TRC** 30 (thirty) days before the Type Approval Certificate of Telecommunications Equipment expires in order to be able to continue to import, distribute, supply, and use Telecommunications Equipment. **TRC** shall issue the Type Approval Certificate of Telecommunications Equipment to the applicant no later than 7 (seven) working days after the applicant has filled in the correct information and provided sufficient documents.

In the absence of a request for renewal of the Type Approval Certificate of Telecommunications Equipment, the import of Telecommunications Equipment shall be considered as equipment without Type Approval from **TRC**.

Article 12.. Transfer of TA Certificates

The transfer of the Type Approval Certificate shall be subject to prior approval from the **TRC** and shall only be applicable to persons holding Certification as Qualified Agent for the import, distribution, and supply of Telecommunications Equipment.

Any persons wishing to transfer the Type Approval Certificate of Telecommunications Equipment shall apply for the transfer of the Type Approval Certificate of Telecommunications Equipment to **TRC** directly or through the online public service portal in compliance with the following conditions and procedures:

- 1- Complete the application form for transfer Type Approval Certificate of Telecommunications Equipment along with the required documents as specified by **TRC**.
- 2- Pay the public service fee.

In the event the application or related documents are incorrect, **TRC** shall notify the applicant to correct the information or provide additional supporting documents within 15 (fifteen) working days from the date of notification. In the event that no correction is made, the application shall be considered abandoned.

TRC shall decide to transfer the Type Approval Certificate of Telecommunications Equipment to the applicant no later than 1 (one) working day after the applicant has filled in the correct information and provided sufficient documents.

The Type Approval Certificate of Telecommunications Equipment shall continue to be valid only for the remaining validity period.

The application form for the transferring to Type Approval Certificate of Telecommunications Equipment and the relevant required documents as specified in Point 1 Paragraph 1 above are stated in Annex 3 of this Prakas.

Chapter 3

Import Permit for Telecommunications Equipment

Article 13.. Import Permits of Telecommunications Equipment

Import Permits for Telecommunications Equipment shall be divided into 3 (three) categories as follows:

- 1- Type-A Import Permit (A-IP) shall apply to Telecommunications Equipment that has obtained Type Approval Certificate for Telecommunications Equipment Type-A, Type B, and Type-C.
- 2- Type-B Import Permit (B-IP) shall apply to Telecommunications Equipment that is exempted from Type Approval.
- 3- Type-C Import Permit (C-IP) shall apply to Telecommunications Equipment for experiments, trials, exhibitions, research studies or temporary use.

Telecommunications Equipment stated in Point 2 and Point 3 of Paragraph 1 above must comply with the Technical Standards of Telecommunications Equipment set forth by **MPTC**.

Article 14.. Conditions and Procedures for Granting Import Permits for Telecommunications Equipment

Any persons who import, distribute, supply, and use Telecommunications Equipment shall apply for an Import Permit for Telecommunications Equipment at **TRC** directly or through the online public service portal in compliance with the following conditions and procedures:

- 1- Complete the application form for Import Permit along with the required documents for the respective type of Import Permit for Telecommunications Equipment as stated in Article 13 of this Prakas.
- 2- Pay the public service fee.

In the event the application or related documents are incorrect, **TRC** shall notify the applicant to correct the information or provide additional supporting documents within 7 (seven) working days from the date of notification. In the event that no correction is made, the application shall be considered abandoned.

TRC shall issue the Import Permit for Telecommunications Equipment to the applicant no later than 1 (one) working day after the applicant has filled in the correct information and provided sufficient documents.

The application form for Import Permits for Telecommunications Equipment and relevant required documents as specified in Point 1 Paragraph 1 above are set forth in Annex 4 of this Prakas.

Article 15.. Validity of Import Permit

The Import Permit for Telecommunications Equipment shall be valid for 1 (one) shipment.

TRC shall issue the Import Permit for Telecommunications Equipment to the applicant no later than 1 (one) working day after the applicant has filled in the correct information and provided sufficient documents.

Chapter 4

Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment

Article 16.. Conditions and Procedures

Any person that wishes to become an agent for importing, supplying, and distributing Telecommunications Equipment in the Kingdom of Cambodia shall apply for Certification as

Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment at the **TRC** directly or through the online public service portal in compliance with the following conditions and procedures:

- 1- Complete the application form for Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment along with the required documents as specified by **TRC**.
- 2- Pay the public service fees.

In the event the application or related documents are incorrect, **TRC** shall notify the applicant to correct the information or provide additional supporting documents within 15 (fifteen) working days from the date of notification. In the event that no correction is made, the application shall be considered abandoned.

TRC shall issue the Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment to the applicant no later than 7 (seven) working days after the applicant has filled in the correct information and provided sufficient documents.

The application form for the Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment and the relevant required documents as specified in Point 1 of Paragraph 1 above are stated in Annex 5 of this Prakas.

Article 17.. Validity and Renewal of Certificate

The Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment shall be valid for a period of 5 (five) years from the date of issue of the certificate.

The holder of the Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment shall apply to TRC 30 (thirty) days before the Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment expires in order to be able to continue to import, distribute, and supply of Telecommunications Equipment. TRC shall issue the QA Certificate to the applicant no later than 7 (seven) working days after the applicant has filled in the correct information and provided sufficient documents.

Article 18.. Obligations of Agents

Any persons that holds Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment shall have a Letter of Representation by Mandate from the overseas manufacturer and shall comply with the following obligations:

- A- Comply with the Technical Standards of Telecommunications Equipment set forth by **MPTC**.
- B- Comply with the regulations on the Type Approval of Telecommunications Equipment.
- C- Store the list of Telecommunications Equipment, import reports, test reports and Type Approval Certificates for each model of Telecommunications Equipment for inspection.
- D- Cooperate with competent authorities in collecting and returning defective Telecommunications Equipment.
- E- Cooperate with telecommunications inspection officers in enforcing the law.
- F- Notify **TRC** and take appropriate measures in cases where it is found that Telecommunications Equipment circulating on the market does not have a Type Approval Certificate.
- G- Not to engage in any business activities that create a conflict of interest that may result in difficulties in complying with the Technical Standard of Telecommunications Equipment.
- H- Shall comply with the applicable laws and regulations in the Kingdom of Cambodia.

Chapter 5

Inspection on Telecommunications Equipment

Article 19.. Inspection and Enforcement

Inspection, implementation of the law, filing of complaints, and enforcement on the implementation of Import Permits or Certificates shall comply with Chapter 13 and Chapter 14 of the Law on Telecommunications.

Article 20.. Monitoring and Surveillance

TRC shall monitor and inspect Telecommunications Equipment that are circulated in the Market of the Kingdom of Cambodia.

Article 21.. Rights of TRC

TRC has the right to release additional notices, guidelines, and decisions to effectively implement the provisions of this chapter in accordance with Part 2, Chapter 3 of the Law on Telecommunications.

Chapter 6 Public Service Fees

Article 22.. Payment of Fees

Application fees, Type Approval Certificate of Telecommunications Equipment fees, Import Permit for Telecommunications Equipment fees, Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment fees, and/or other relevant fees shall be determined by an Inter-Ministerial Prakas between the Minister of MPTC and Minister of Economy and Finance.

Chapter 7 Transitional Provisions

Article 23.. Continuation of Certificate Validity

Type Approval Certificates of Telecommunications Equipment and Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment issued before this Prakas enters into force shall continue to be valid.

Any persons granted Type Approval Certificate of Telecommunications Equipment shall complete a new application form at TRC to reapply for the Type Approval Certificate of Telecommunications Equipment within 5 (five) years after this Prakas comes into force.

Any persons granted Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment shall complete a new application form at TRC when the current Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment expires after this Prakas enters into force.

Article 24.. Into Force

This Prakas shall be implemented 6 (six) months after this Prakas enters into force.

Chapter 8 Final Provisions

Article 25.. Abrogation of Prakas No 208 MPTC.BRK, dated 29 December 2010 on Type Approval of Radiocommunication and Telecommunications Equipment

Prakas No. 208 MPTC.BRK, dated 29 December 2010 on Type Approval of Radiocommunication and Telecommunications Equipment shall be repealed and replaced by this Prakas.

Article 26.. Amendment of Prakas No 122 PT.PrK on the Conditions and Procedures for Granting, Modification, Suspension, Transfer, and Revocation of Telecommunications Permits, Certificates, or Licenses

Article 6, Article 7, Article 8, Article 11, Article 15, Article 16, Annex 2, and Annex 3 of Prakas 122 PT.PrK on the Conditions and Procedures for Granting, Modification, Suspension, Transfer, and Revocation of Telecommunications Permits, Certificates, or Licenses are amended as follows:

Point A and Point C of Article 6 are amended as follows:

A- Any person, either Khmer or foreign, who intends to carry out the operations as stipulated in Article 15 of the Telecommunications Law shall submit an application to TRC following the forms stipulated in Annex 2 New of this Prakas and shall comply with the following conditions and procedures:

- Complete the application form, attaching the required documents for each type of operation.
 - Pay the application fee as prescribed.
- C- **TRC** shall issue the permit in the prescribed format to the applicant who has completed the form correctly and sufficiently, in no more than 1 (one) working day.

Point A and Point C of Article 7 are amended as follows:

A- Any person, either Khmer or foreign, who intends to carry out the operations as stipulated in Article 16 of the Telecommunications Law shall submit an application to **TRC** following the forms stipulated in Annex 3 New of this Prakas and shall comply with the following conditions and procedures:

- Complete the application form, attaching the required documents for each type of operation.
 - Pay the application fee as prescribed.
- C- **TRC** shall issue the permit in the prescribed format to the applicant who has completed the form correctly and sufficiently, in no more than 7 (seven) working days.

Point C and Point D of Article 8 are amended as follows:

- C- **TRC** and the applicant shall follow the registration procedure as follows:
- **TRC** shall issue the certificate in the prescribed format to the applicant who has completed the correct and sufficient form in no more than 7 (seven) working days for the Type-B (BTA) and Type-C (CTA) Type Approval Certificate of Telecommunications Equipment, except for the Type-A Type Approval Certificate of Telecommunications Equipment (ATA) which shall be issued in no more than 1 (one) working day.
- D- Point D of Article 8 has been removed and replaced by Article 16 of this Prakas

Article 11 is amended as follows:

TRC has the right to refuse an applicant for a permit, certificate, or telecommunications operating license after notifying the applicant in writing of the reasons for the refusal and providing an opportunity of 15 (fifteen) working days for the applicant to provide justification.

Point A of Article 15 is amended as follows:

- A- Validity of Import Permit and Certificates are amended as follows:
- The Import Permit for Telecommunications Equipment shall be valid for 1 (one) shipment as stated in Article 15 of this Prakas.
 - Type Approval Certificates of Telecommunications Equipment shall be valid for 5 (five) years as stated in Article 11 of this Prakas.
 - Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment shall be valid for 5 (five) years as stated in Article 17 of this Prakas.

Point C of Article 16 is amended as follows:

C- Holders of Type Approval Certificates of Telecommunications Equipment and holders of Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment shall submit an application to **TRC** 30 (thirty) days before the certificate expires as stated in Article 10 and Article 16 of this Prakas.

Point A.1.1, Point A.1.2, Point A.1.3, and Point E of Annex 2 are amended as follows:

A- Permit for Import, Export, Distribution, and Supply of Telecommunications Equipment:

In the case an applicant applies for a permit for import, export, distribution, and supply of Telecommunications Equipment, the following forms shall be completed:

A.1.1- Type-A Import Permit (A-IP) shall apply to Telecommunications Equipment that has obtained Type-A(ATA), Type B (BTA), and Type-C (CTA) Type Approval Certificate for Telecommunications Equipment:

- Application for Import Permit..... 01 Copy
- List of imported Telecommunications Equipment 01 Copy
- Certified Copy of the Invoice 01 Copy
- Certified Copy of the Packing List..... 01 Copy
- Certified Copy of the Airway Bill/Bill of Lading 01 Copy
- Certified Copy of Certificate for Qualified Agent to Import, Distribute, and Supply of Telecommunications Equipment 01 Copy
- Certified Copy of Type Approval Certificate of Telecommunications Equipment of each model 01 Copy
- Certified Copy of Receipt of Application Fee..... 01 Copy

A.1.2- Type-B Import Permit (B-IP) shall apply to Telecommunications Equipment that is exempted from Type Approval:

- Application for Import Permit..... 01 Copy
- List of import of Telecommunications Equipment 01 Copy
- Certified Copy of the Invoice 01 Copy
- Certified Copy of the Packing List..... 01 Copy
- Technical Specification Document 01 Copy
- Certified Copy of the Airway Bill/Bill of Lading 01 Copy
- Certified Copy of Certificate for Qualified Agent to Import, Distribute, and Supply of Telecommunications Equipment or Official Letter from the Competent Authority 01 Copy
- Certified Copy of Receipt of Application Fee..... 01 Copy

A.1.3- Type-C Import Permit (C-IP) shall apply to Telecommunications Equipment for experiments, trials, exhibitions, research studies or temporary use:

- Application for Import Permit..... 01 Copy
- List of import of Telecommunications Equipment 01 Copy
- Certified Copy of the Invoice 01 Copy
- Certified Copy of the Packing List..... 01 Copy
- Technical Specification Document 01 Copy
- Certified Copy of the Airway Bill/Bill of Lading 01 Copy
- Certified Copy of Certificate for Qualified Agent to Import, Distribute, and Supply of Telecommunications Equipment or Official Letter from the Competent Authority 01 Copy
- Certified Copy of Type Approval Certificate of Telecommunications Equipment of each model (if any)..... 01 Copy
- Certified Copy of Receipt of Application Fee..... 01 Copy

Point A, Point B, Point C of Annex 3 is amended as follows:

A- Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment:

In the case an applicant is applying for Certification as Qualified Agents for the Import, Distribution, and Supply of Telecommunications Equipment, the following form must be completed:

- Application for Certificate for Qualified Agent to Import, Distribute, and Supply of Telecommunications Equipment..... 01 Copy
- Certified Copy of Identification Card (for Cambodian) or Passport (for foreigner)..... 01 Copy
- Certified Copy of the Company's Articles of Incorporation 01 Copy
- Certified Copy of Certificate of Incorporation..... 01 Copy
- Certified Copy of the latest Patent Certificate 01 Copy
- Certified Copy of the Letter of Representation by Mandate with Local or International Partner 01 Copy
- Certified Copy of the Leasing Agreement for Business Premises (in case of leased premises)..... 01 Copy
- Certified Copy of Receipt of Application and Certification Fee 01 Copy

B- Type Approval Certificate of Telecommunications Equipment:

In the case an applicant applies for Type Approval Certificate of Telecommunications Equipment, following forms shall be completed:

B.1- Type-A Type Approval Certificate of Telecommunications Equipment (ATA):

- Application for Type Approval Certificate of Telecommunications Equipment 01 Copy
- Qualified Agent's Declaration of Conformity 01 Copy
- Sales Brochure with Technical Data 01 Copy
- Pictures of the requested Telecommunications Equipment..... 01 Copy
- Certified Copy of Receipt of Application and Certification Fee 01 Copy

B.2- Type-B Type Approval Certificate of Telecommunications Equipment (BTA):

- Application for Type Approval Certificate of Telecommunications Equipment 01 Copy
- Qualified Agent's Declaration of Conformity 01 Copy
- Sales Brochure with Technical Data 01 Copy
- Pictures of the requested Telecommunications Equipment..... 01 Copy
- Reports from laboratories recognized by **TRC** based on type of Telecommunications Equipment, such as Safety Test Report, EMC Test Report, RF Test Report, or SAR Test Report 01 Copy
- Certified Copy of Receipt of Application and Certification Fee 01 Copy

B.3- Type Approval Certificate of Telecommunications Equipment (CTA):

- Application for Type Approval Certificate of Telecommunications Equipment 01 Copy
- Qualified Agent's Declaration of Conformity 01 Copy
- Sales Brochure with Technical Data 01 Copy
- Pictures of the requested Telecommunications Equipment..... 01 Copy
- Reports from laboratories recognized by **TRC** based on type of Telecommunications Equipment, such as Safety Test Report, EMC Test Report, RF Test Report, or SAR Test Report 01 Copy
- Description of the Telecommunications Equipment..... 01 Copy
- User manual..... 01 Copy

- Certified Copy of Receipt of Application and Certification Fee 01 Copy

Article 27..

Any provisions contrary to this Prakas shall be abrogated.

Article 28..

Director of Cabinet, Director General, Inspector General, heads of all units under the Ministry of Posts and all provincial Departments of Post and Telecommunications shall be responsible for implementing this Prakas according to their respective duties from the date of signing.

Phnom Penh, Day Month 2026
